About Me: I have a BSE and MSE in Elementary Education. I continued my education with a MSE in Special Education, 21 hours in Administration, certification in reading and Counseling.

I have been teaching 50 years in which 34 of those years have been at Atkins. I love teaching and working with students. I am teaching a new class this year called Transition. I enjoy helping students make good choices about their future.

I have a husband of 43 years, two daughters and three grandsons. We attend Union Grove Free Will Baptist Church. I play the organ and sing in the choir.
