ABOUT ME

My name is Tracey Brown and I am proud to say I have been a Red Devil my whole life. I attended Atkins schools as a student from Kindergarten to graduation in 1989. After my years at Atkins, I continued my education at Arkansas Tech University where I received my Bachelors of Science degree in Health and Physical Education k-12. I also have my coaching and science certifications as well.

I am married to Tim Brown and we were blessed with three amazing daughters, Kayla, Kristen, and Mary Kate. I now have a beautiful granddaughter, Klair, who lights up my world. My family attends Oak Grove Freewill Baptist Church, my faith and family are extremely important to me.

I have always wanted to be a teacher. I love young people and have a passion to not only help them prosper in education but in life. I can remember teachers and coaches who impacted my life tremendously and I hope I can be that teacher/coach for my students and players.
